Language Programmes & Overseas Study Trips

The building blocks of successful professionals in today's society have always been sound education and learning. Here at Shelton, we offer a range of internationally-recognized foundational courses including the Singapore-Cambridge GCE 'O' & 'A' Level.

Our instructional approach takes into consideration the holistic development of the learner with particular emphasis on values education and character building.

English - A Global Language

Far and wide, English has become the global language used in business conversations, interactions and transactions. Here at Shelton, we understand and impart not only the beauty of the English Language but also the cultural quirks and usage which are associated with the language in different parts of the world.

Shelton's English programme adopts a step-by-step approach to mastering the English Language. It is aimed at raising the level of academic performance among international students who may be unaccustomed to educational courses that are delivered in English. The programme equips students with the four essential skills of speaking, listening, reading and writing. It comprises four levels, starting from Elementary, Intermediate, Upper-Intermediate and Advanced level. The structured programme will enable students to cultivate their language skills, to significantly improve their writing skills with good grammar and the ability to articulate in the English language with good pronunciation. These skills will facilitate the student's entry to higher education programmes, universities or the international corporate arena.

A range of assessment methods are used to assess specific learning objectives. Students have to complete monthly tests, quarterly examinations, projects and assignments. The aptitudes that students acquire through this programme stand them in good stead and equip them to take internationally recognized English proficiency assessments such as International English Language Testing System (IELTS), the Test of English as a Foreign Language (TOEFL) and SAT.

Admission Criteria

Before commencing this preparatory programme, students have to sit for Shelton's English Language Placement Test to determine their English Language proficiency. International students enrolling into Shelton's professional award programmes may from time to time be required to upgrade their language skills by completing our English Language programme before they commence their programme of study proper.

English Language Programme	Targeted Achievement	
	IELTS	TOEFL
Elementary	IELTS 2.5 – 3	TOEFL 350 (63 computer based)
Intermediate	IELTS 3.5 – 4	TOEFL 400 (97 computer based)
Upper-Intermediate	IELTS 4.5 – 5	TOEFL 450 (133 computer based)
Advanced	IELTS 5.5 – 6	TOEFL 550 (213 computer based)

Overseas Study Trips

In line with the Singapore Government's drive to promote Singapore as the premier education hub in Asia, Shelton constantly invites our partner institutions from all over Asia to pay us a visit here in Singapore. Over the approximate two weeks that international students spend with us at Shelton, we will introduce them to all that Singapore and Shelton have to offer.

Adopting a hands-on practical approach to language skills acquisition (English / Mandarin Languages), learners will have the opportunity to apply the skills acquired in class almost immediately in a practical and authentic contextual setting with close supervision and guidance from our dedicated instructors. The lessons planned are not only enriching and meaningful but are also reflective in nature putting deep understanding as a key priority.

Participants are provided many opportunities to experience firsthand and appreciate the many facets of Singapore.
